

# English Martyrs' Catholic Primary School

## Physical Education (PE) Statement

At English Martyrs' Primary School, we recognise the contribution of PE to the health and well-being of the children. We believe that an innovative, varied PE curriculum and extra-curricular opportunities have a positive influence on the well-being and academic achievement of all our children. Children at English Martyrs' have a minimum of 2 hours PE teaching per week as part of their curriculum entitlement and many of our children are active members of sports clubs and activities provided by the Bacon's College Partnership. We aim to establish a culture that enables and encourages all children to play and enjoy sport.

In this academic year, we have:

- A number of after-school clubs offering a wide variety of sporting opportunities.
- Joined in PE Partnership with Bacons College
- Entered inter-school sport competitions.
- Provided the most able children with the opportunity to compete in tournaments

We aim to:

1. Improve the quality of the school PE programme by:
  - Auditing staff skills to highlight areas for development.
  - Ensure that all children have access to a PE kit and can participate in 2 PE lessons per week
  - Delivering PE focused staff training through INSET days.
  - Employing sports specialist to teach pupils to play basketball and prepare them for competitions
  - Learn good practice from other schools.
2. Provide additional training and coaching for children through After School Clubs to develop their skills.
3. Taking part in sport competitions to provide further competitive opportunities for children.
4. Continue to hold an enjoyable and memorable sports day.
6. Continue to offer school journey in Year 6 where the primary focus is on adventurous physical activity.
7. Continue to offer swimming lessons to children in Years 3 and 4.
8. Continue to hold Active Me sessions for children who require support with sporting activities and participation in team building skills
9. Offer additional training to children identified as Gifted and Talented in football with the support of Millwall Football Club

### Primary Schools Sports Funding

The government is providing funding of £150 million per annum to provide primary school sport funding. The funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school headteachers to spend on improving the quality of sport and PE for all their children. We received £9770 which has been spent on:

1. The annual fee paid to our local Sports Partnership to enable support for teachers and access for children compete with other schools in the local area.
2. Ensuring that all children have access to a PE kit and can participate in 2 PE lessons per week
3. After School Club Provision with a PE specialist
4. Healthy Week planned for the summer term. We have allocated £900 to organise dance, wellness activities, healthy food workshops and prizes as well as opportunities for parents to come to school and support their children to work towards a healthier lifestyle.

The Governors agree that the money must be used so that:

- All children benefit regardless of sporting ability
- The most able children are given the opportunity to compete in advanced tournaments
- Staff have access to training opportunities and continued professional development

### Competitions and inter-school events entered for so far this year:

Competition	
Indoor Athletics Yr5	12 <sup>th</sup> January 2016
Indoor Athletics Yrs 3 and 4	19 <sup>th</sup> January 2016
Basketball League	Spring 2
KS1 Festival of Sport	25 <sup>th</sup> February 2016
Benchball Year 4	8th-11th March 2016
KS1 multiskills	15 <sup>th</sup> -17 <sup>th</sup> March 2016
KS2 Dance	July 2016 (day TBC)

### Impact of the Sports Premium:

We will evaluate the impact of the Sports Premium funding as part of our normal self-evaluation arrangements. We will look at how well we use our Sport Premium to improve the quality and breadth of PE and sporting provision, including increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels of which they are capable. Measuring the impact of the activities provided with Sports Premium funding can be achieved in different ways.

In 2015/2016 we will look at:

1. Progress in PE.
2. The numbers of pupils involved in sporting activities in and out of school.
3. Success rates in competition

At the end of the academic year, it is anticipated that we will have data to show the impact of this Sports Premium funding on pupil progress and involvement in sport.

Ms T. Huynh  
PE Leader  
January 2016
