Key Stage 2: Context

The 2014/5 cohort was made up of 59 pupils and had a high percentage of SEND pupils (17%) including 3 children with statements (5%). Ninety percent of these SEND children were also on pupil premium. This high percentage of SEND children on pupil premium has impacted on the APS for pupils on pupil premium.

How did we do?

Overall

Pupils on pupil premium perform above pupils on pupil premium nationally in all subjects. The gap has closed within the cohort over the academic year by +0.9 in reading, +0.3 in writing and +0.7 in maths. This is as a result of targeted action and intervention programmes for pupil premium children.

Reading

2015 reading results show an in-school gap (this is the difference between pupil premium pupils and non pupil premium pupils) of approximately 6 months behind those not on pupil premium. This gap has closed by nearly 4 months (0.9) from 2014 to 2015. Nationally this gap is 8 months; therefore English Martyrs' is performing better than all schools nationally.

In 2015, despite a high level of SEND pupils in the cohort, the school pupil premium APS of 28.8 is above the national average pupil premium APS of 27.6, equivalent to a gap of nearly 5 months. Therefore, English Martyrs' Primary is still performing better than all schools nationally.

Writing

2015 writing results show an in-school gap (this is the difference between pupil premium pupils and non pupil premium pupils) of approximately 7 months behind those not on pupil premium. This gap has closed by over 1 month (0.3) from 2014 to 2015. Nationally this gap is nearly 9 months; therefore English Martyrs' is performing better than all schools nationally.

In 2015, despite a high level of SEND pupils in the cohort, the school pupil premium APS of 28.6 is above the national average pupil premium APS of 26.6, equivalent to a gap of 8 months. Therefore, English Martyrs' Primary is still performing better than all schools nationally.

Mathematics

2015 maths results show an in-school gap (this is the difference between pupil premium pupils and non pupil premium pupils) of approximately 11 months behind those not on pupil premium. This gap has closed by nearly 5 months (0.7) from 2014 to 2015. Nationally, this gap is 10 months therefore English Martyrs' is performing slightly below that of other schools nationally.

In 2015, despite a high level of SEND pupils in the cohort, the school pupil premium APS of 28.2 is above the national average pupil premium APS of 27.3 equivalent to a gap of over 3 months. Therefore, English Martyrs' Primary is still performing better than all schools nationally.

English Grammar, Punctuation & Spelling (EGPS):

2015 EGPS results show an in-school gap (this is the difference between pupil premium pupils and non pupil premium pupils) of just over 3 months behind those not on pupil premium. Nationally, this gap is approximately 9 months, therefore English Martyrs' is performing better than all schools nationally.

In 2015, despite a high level of SEND pupils in the cohort, the school pupil premium APS of 30.9 is above the national average pupil premium APS of 27.5 equivalent to a gap of over 13 months. Therefore, English Martyrs' Primary is still performing better than all schools nationally.
